

ATTENTION TO THE PUBLIC

Customer service is one of the essential requirements for all businesses. Currently, systems are needed to facilitate communication with the client in any situation, even if it is attended from counters with protective screens

The SIV-40 equipment is specifically designed as a solution to these needs

- CONTROL OF THE COMMUNICATION AND THE AUDIO LEVEL
- HANDS-FREE CONVERSATION ON BOTH SIDES
- QUICK INSTALLATION AND IMMEDIATE START-UP
- RECORDING AND/OR SUPERVISION OF THE CONVERSATION
